COMPLAIN OF EVILS IN SHIP INSURANCE

American Underwriters Back Bill to Regulate Foreign Competition Here.

can marine insurance underwriters from unrestricted foreign competition held by Francis H. Stoddard, State Insurance Superintendent, in his offices at 165 Broadway. Representatives of ing in large numbers and had an opportunity to make suggestions for

long protested against as unfairly ham-pering their business.

State laws set up stringent require-ments for admission to practice as ma-rine insurance underwriters with head-quarters abroad. Companies so ad-mitted have to ney the same taxes as quarters abroad. Companies so admitted have to pay the same taxes as are levied upon American underwriters domiciled in New York, and therefore are obliged to operate under the same competitive conditions. These requirements were heartily commended by local interests at the time they were passed by the Legislature.

It has been discovered, however, say the underwriters, that the legal restrictions have been evaded by some of the foreign underwriters whose reserves in the United States are not large enough to allow them to be admitted to practice under the law. They have placed business by cable in London and other markets abroad, thus maintaining

other markets abroad, thus maintaining their practices in New York in defiance of the intent of the law, and, further-

of the intent of the law, and, furthermore, evading payment of the State
laxes.

It developed at the hearing that in
recognition of this situation a bill has
been prepared for introduction in the
Legislature. The opinion of the local
underwriters on this legislation was
sought by Mr. Stoddard, who declared,
however, that the State Insurance Department was taking no official position in regard to the bill. The bill as
drafted, he said, was designed to correct alleged evils under existing laws,
but he declared the time was not ripe
for making the provisions public. This
action would be taken some time next
week.

6,893 IN BOARD'S CREWS: 96 PER CENT. AMERICANS

Fewer Aliens Reported Than in December Roster.

The Sea Service Bureau of the Shipping Board placed 6,893 officers and men on vessels operated for the board durpared with the previous month. The proportion of American citizens jumped from 89.5 per cent. to 96.3 per cent, of total placements. Of those placed last month, 6,121 were at Atlantic and Gulf

ponth, 6.121 were at Atlantic and Gulf ports, and 772 at Pacific ports.

Explaining the divergence between the figures for the two months, Capt. I. L. Evans of the bureau said yesterday that a large number of men were hired during December for temporary jobs, mainly concerned with the removal of the board's laid up fleet to winter quarters. These men were mostly allens, which accounted for the decline in the proportion of Americans signed.

FEAR FOR BLAZING SHIP.

Floridans Seek to Learn Fate of Tanker.

WEST, Feb. 10 .- Shipping men are attempting to obtain information as to the ultimate fate of the British tank | steamship Coylet, which, with her cargo of gasoline in flames, last was seen Wednesday night, drifting to the east-ward into the Golf Stream southwest of Sand Key.

The vessel is believed to have sunk, but so far as known here no one saw her go down, all vessels, because of the

BUTTER COMES BY TONS.

The Munson liner Huron, in yesterday from South American ports, brought in her refrigerators 2,600 pounds of butter from Buenos Alres, the first large shipment of its kind from Argentina, and likely to be followed by more, thus robably forcing down the price of but ter, already affected by large importa-tions from Denmark. The Huron brought also 4,873,799 pounds of coffee from Rio.
